| © COV-IND-19 Study Group  Source data: Up to 10/17/2021: covid19india.org. After 10/17/2021: count data (mohfw.gov.in), vaccine data (cowin.gov.in)  Notes: Cells highlighted in green indicates good performance for given metric while red indicates need for improvement. Only states/union territories with the highest cumulative case counts as of May 18 are shown. States are omitted if they have missing case count data.  R values are not reliable when case counts are below 100. |       |    |       |      |           |         |         |             |
